

# SAMPLE "FILLABLE" .PDF FORM

from TheWebJockeys.com

2/22/07 vC5

*Follow the steps below, and in five minutes, you'll become a fan of this new technology!*

- A Fillable Form like this a .PDF form that you first downloaded into your computer using the FREE Adobe Reader that your computer already had installed. If needed, Adobe Reader downloads at <http://www.adobe.com/products/acrobat/readstep2.html>
- A Fillable Form can be printed on the user's printer WITH all data that the user has just typed into it
- Any checkboxes that the user checks will print as checked
- A Fillable Form can not be submitted online; as long as only the user's own computer is used, there are no security or HIPAA issues
- A Fillable Form can be saved only as a blank form without any data that was just typed into it
- Typed data on a Fillable Form is much more legible than hand-written data, eliminating many otherwise unavoidable errors
- A Fillable Form will photocopy with much higher clarity than any form with hand-written data
- Fillable Forms save time for all recipients of the form

OK, let's get started with the Sample.
